

I Take Drives

Luke Deuce

Stopped to top off this old K20
Cause I know where it's gonna get me
It's gonna get me the hell outta here
My friends think that I've gone crazy
'Cause I think it's only thing that'll save me
Is to leave this town in the rearview mirror

*So I take drives to get you off my mind
It could be day or night to leave this heartbreak behind
I go down roads I don't even know
Sometimes it's fast or slow trying to let we had go
So, that's why I take drives*

Stopped to see dad the other day
He asked me if I was doing ok but
He could already tell by the look in my eyes
Got a lot of miles ahead
To get your memory out of my mind
I gotta find the end of that white line

*So I take drives to get you off my mind
It could be day or night to leave this heartbreak behind
I go down roads I don't even know
Sometimes it's fast or slow trying to let we had go
So that's why, I take drives*
