

# Break It, You Buy It

Luke Deuce & JK Nick Nichols

---

## CHORUS

*If you gonna break it, you gonna buy it  
It won't be too long til the moneys gone  
Could be the key to my car or my great big ole heart  
If you break it, you gonna buy it*

I've worked real hard for the things I've got  
Not to mention the countless lessons that I've learned  
I'll share my love and let you drive my truck  
But they better be the same when they're returned

## CHORUS

I'll give you the world and I'll spin it around  
But damn if my trust 'll be betrayed  
Cause honey I ain't hardware that's fallen off a shelf  
Who's broken pieces you can sweep away

## CHORUS

Could be the key to my car or my great big ole heart  
If you break it, you gonna buy it
